## DETAILED ACTION

### *Allowable Subject Matter*

1. The following is an examiner's statement of reasons for allowance: The instantly claimed process for the synthesis of compounds of Formula **21** is neither disclosed nor fairly suggested by the closest art of record: Beswick et al (WO 99/62875-A1 12-1999). Beswick teaches (Page 2, line 8- page 3, line 9) a genus of compounds of formula I that are similar to those instantly produced. Beswick further teaches (Page 15, line 21- page 16, line 11) a method for producing these compounds that corresponds closely to that instantly claimed. The difference between the compounds of Beswick and those instantly produced, however, is that the instant compounds bear an alkyl group at the amino acid  $\alpha$  position. Because these compounds are neither disclosed nor fairly suggested by Beswick and are therefore patentable over those of Beswick, the instantly claimed methods for their production are also, necessarily, patentable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The specification has been amended as follows:

Page 1, first line under heading "**CROSS REFERENCE TO RELATED APPLICATIONS**": The phrase -- now abandoned, -- has been inserted after the phrase "December 17, 2002,".

### *Conclusion*

3. All Post-Allowance correspondence concerning this application must be mailed to the following address: BOX ISSUE FEE, COMMISSIONER FOR PATENTS, WASHINGTON, DC 20231 or fax them to The Office of Patent Publications at 703-308-5083 in order to expedite the handling of such correspondence (amendments under 37 CFR 1.132; information disclosure statements, formal drawings, etc.) Sending Post-Allowance papers to the technology center will only cause delays in matching papers with the case.
